

RMC-1000

Industrial Ethernet to Fiber Media Converter Chassis

- ✓ Supports 18 slots for media converter
- ✓ Dual power supply design
- ✓ Hot-swappable for converters and power supplies
- ✓ 19 inches Rack-mount enabled

The RMC-1000 offers a centralized, scalable, and high-density solution for efficient media converter management. It streamlines fiber and copper integration, minimizing cable clutter and power complexities. With fiber transmission, it reduces electromagnetic interference and ensures stable data performance, even in harsh environments.
